

REACH BEYOND

Dale Stagg
Chief Executive Officer
30 September 2020

Dear Friend,

As part of a global community, we want unreached people everywhere to hear about Jesus, to see him in action, and to learn how to follow him.

Shortwave remains an integral part of our multimedia strategy for achieving this. From Japan to Myanmar to the far north of India, Reach Beyond's broadcasts are heard in hard to reach places.

I recently spoke with our team leader in India, Pastor Sam, who told me, "At this time Shortwave continues to be a key means of communicating with people across India. Please tell your team to keep doing what they're doing. God is using them." Below is a testimony we received from Sugamya –

"I am a widow and I have no one to take care of me. I lost my job during this pandemic and I was helping in a company as a cleaner. Since the company was shut down, I was not able to earn money and have no relatives to ask for help. For a few days, someone helped me buy rice and gave me 1,000 Rupees for vegetables (just under \$20). After that I had no one to seek help from. I was thinking in my heart as to why I should live, and had almost given up. I tuned in to your radio program to hear the word of God. The song and the word lifted my spirit and reminded me that "God will not leave me nor forsake me". God saved my life, and I also got back my job. Please continue to speak the word of God, it saved my life. It will surely save many, I believe!"

**"God saved
my life"**

Since May this year we have also been using WhatsApp to distribute short, encouraging audio messages in 5 different languages and seen it grow to reaching over 20,000 people.

...continued over page

I continue to be excited with how the Lord multiplies the fruit from our efforts in ways that exceed our capability. Ramu's short testimony provides an example –

"I am a taxi driver, and not allowed to work during this pandemic and lockdown. I was helping a lady to open her clinic shutter, when another man came and thanked me for my help, since he was supposed to do that work. I was sharing about my situation to him. He then shared a WhatsApp message to encourage me, before praying for me. He told me that God will surely bless me and will not leave me. I have now started receiving these messages instantly through WhatsApp. I should tell you that I was not a believer until I received this message. I am forwarding this message to so many people."

Thank you once again for your support and your prayers. You are very much part of what we do.

Kind regards

Dale Stagg, CEO

P.S. There are so many other stories I could share of lives changed through the sharing of the Gospel. If you want to hear these through our email updates, please let us know.
