Golf Day

**EASTWOOD
GOLF CLUB**

**FRIDAY
1 NOV 2019**

Welcome

We're excited to provide you with information regarding Reach Beyond's Golf Day.

The proceeds from this event will go towards our 'Light Up a Village' project in Central India.

WHO IS REACH BEYOND?

Reach Beyond is a not-for-profit Christian organisation committed to bringing the gospel message to unreached and unengaged people groups via shortwave radio and other media throughout the Asia Pacific region.

Founded in 1931 in Quito, Ecuador, Reach Beyond (formerly HCJB Australia) is now a global, partnership-driven ministry. Our shortwave radio facility is uniquely placed in Australia to deliver powerful messages of hope to unreached people groups in remote and isolated communities of the Asia Pacific region.

Since 2003 Reach Beyond has been transmitting from Kununurra in far north Western Australia and today broadcasts programs daily in over 30 languages.

Our vision is to make the gospel more accessible to unreached people groups and those that have limited access to the gospel.

Sponsorship

Sponsors of the Reach Beyond Golf Day will be able to promote their business and products to all participants. Each main sponsorship package includes entry for a team of four which provides an opportunity to entertain clients or reward staff with an enjoyable day at Eastwood Golf Club. We respectfully ask you to join with us in bringing light and hope to unreached people by being a sponsor and supporting this event. There are several levels of sponsorship available including:

MAIN SPONSORSHIP (2 AVAILABLE)	MINOR (HOLE) SPONSORSHIP (2 AVAILABLE)

The Cause

Our annual Golf Day aims to raise funds for the **Light Up a Village** cause. You can help Reach Beyond 'light up a village' with a message of hope throughout the Asia-Pacific region.

This encompasses the distribution of shortwave radios, solar panels and lights, and pastoral care to villages in rural and remote areas of Central India.

Earlier this year our India partners Christopher and Dolly shared –

"We spent time in a cluster of far flung villages in Chhattisgarh where we have been working in the region for some time supporting a local pastor. We help him produce programs in two local languages which are broadcast into Chhattisgarh from Australia. This area was the beginning of our 'Light Up a Village' project where we have distributed solar powered lights and radios throughout 100 villages.

As an act of thanksgiving, the leader of the tribe set aside a parcel of land for building a community church.

But they just don't want to build a church, they want it to become a flourishing community centre providing support in a number of ways, including health care. They want it to be a beacon of light that reaches out to people in their own language, and to be an example of what God does when transformation happens."

Already, there are plans for the establishment of a medical clinic and the implementation of fresh water projects.

This is the focus of our Golf Day! To raise funds that will sustain our shortwave broadcasting to Central India, the ongoing distribution of radios and lights, and the building of Jeewan Dhaara (Stream of Life) Community Church. Is there a better reason for a round of golf?
